

2026 Downe House Summer Course

Your Summer of Discovery

Target Students
Ages 10-15

Camp Dates
July 11-25, 2026

A Must-Choose Summer Course for STEM Enthusiasts

Walking Side by Side with Global Female Leaders

Downe House, celebrated for nurturing royal elites and renowned female leaders, offers students inspiring role models and a supportive community for personal growth.

A Benchmark for Innovation and Talent

By combining technological innovation with STEM courses, Downe House sparks students' interest in science and encourages them to find creative solutions to real-world challenges, fostering their potential to make a global impact.

Authentic Teaching from Downe House Faculty

Courses are taught by the official faculty of Downe House, ensuring that students experience the same high-quality education as full-time students at this prestigious institution.

Developing a Diverse Range of Core Competencies

From language proficiency to scientific creativity and future leadership, Downe House Summer Course provides a comprehensive curriculum that equips students with the skills they need to excel in the future.

Why Downe House?

Globally Renowned as a Leading Girls' School

Downe House is a prestigious UK-based private girls' school, celebrated for its outstanding academic achievements and exceptional resources. Its alumni include notable figures like the Duchess of Cambridge, actress Hermione Corfield and Rosemary Murray, the first female Vice-Chancellor of Cambridge and founder of Murray Edwards College.

Expert Faculty and Top Curriculum

With over 90% of students advancing to their top university choices, Downe House's elite summer course offers specialised courses in English, STEM and leadership, all designed and taught by the school's dedicated full-time faculty.

Engaging Activities for Personal Growth

The campus boasts state-of-the-art facilities, including modern classrooms, science labs, art studios and sports amenities such as an indoor pool and tennis courts. Students participate in sports, arts and crafts, fostering teamwork, communication and leadership skills while forming lasting global friendships.

Learning Modules

■ English Course

Designed to enhance students' English proficiency, this course focuses on effective communication skills, enabling students to engage confidently and accurately in various everyday situations and contexts.

■ STEM Course

Engage in hands-on experiments that make science both fun and educational. Students will deepen their understanding of scientific principles while fostering innovative thinking to solve real-world problems.

■ Global Solutions Course

Centered on global economic and social issues, this course encourages students to explore topics such as climate change, sustainable development, innovation, and equality, inspiring them to propose thoughtful solutions for the future.

■ Sports and Activities

A wide range of physical and creative activities, including swimming, tennis, field hockey, lacrosse, yoga, orienteering, drama and crafts. Evening activities offer team games, table tennis, movie nights, disco, karaoke and more for an all-rounded experience.

Downe House is a long-standing strategic partner of BE Education. Over the years, BE Education has successfully assisted 70 students in gaining admission to Downe House. In 2025, BE Education is proud to introduce the Downe House 'Best of British' Summer Course to families, providing more students with the opportunity to experience the exceptional environment of one of the UK's leading elite private schools and immerse themselves in the world of international education.

At Downe House, with the help of teachers and classmates, you can quickly adapt to the environment here and make new friends. School life is very fulfilling, with a full daily schedule, immersed in busy learning and activities, I feel very happy.

— **BE student Elisa, currently studying at Downe House**

What we really want to see and cultivate is students' curiosity. Universities and future employers are looking for more than just academically good students, grades cannot fully display the progress of children in school. We want our children to develop comprehensively, academics are important, but there are many other dimensions to complete the cultivation of a well-rounded person.

— **Tara. R, Admissions Director at Downe House**
